

GENERAL SERVICES ADMINISTRATION FEDERAL SUPPLY SERVICE

- On-line access to contract ordering information
- Terms and conditions
- Up to date pricing
- GSA Advantage – a menu driven database system allows option to create an electronic delivery
- Internet address for GSA Advantage: <http://gsa.gov>
- Authorized Federal Supply Schedule Price List (catalog)

WATER TREATMENT CHEMICALS

- Heating and cooling systems
 - Boiler Fuel Oil additives
 - Contract Services
-
- Contract Period: February 1, 2007 through January 31, 2012
 - Economic update of prices February 1, 2009 through January 31, 2012 Mod A027
 - Added New Products Mod A028
 - Added New Products Mod PO-0011
 - Deleted products PO-0013 03/30/11
 - Contract number: GS-10F-7720A
 - DUNS Number: 06-538-6906

Table of Awarded Special Item Numbers (SINS)

- **SIN 524-2 Boiler Feedwater Treatment Chemicals**

Maximum Order Limitations

- **SIN 524 \$150,000**

Minimum Order

- **\$200.00**

Geographic Coverage (delivery area) – 48 contiguous states, including Washington DC

Points of Production

- **ChemTreat 10040 Lickinghole Ashland, VA 23005**
- **ChemTreat 4200 Twin City Highway Nederland, TX 77627**
- **ChemTreat 200 Trails Rd. Eldridge, IW 52748**
- **ChemTreat 6231 Maywood Ave. Huntington Park, CA 90255**

Discount from List Prices/Statement of Net Price:

- **Government prices are net (discount deducted)**

Quantity Discounts:

- **Products from the different SIN numbers may be combined to reach lowest price**

Prompt Payment terms:

- **Net 30 Days**

Government Commercial Credit Card:

- Accepted
- Visa/MC/Amex

Foreign Items:

- None

Time of Delivery:

- On ChemTreat manufactured products in drums: 4 days ARO
- Allow a minimum of 2 weeks lead-time on drop shipments
- Returnable containers are to be returned to the plant from which they were shipped
- Urgent requirement: contact ChemTreat Customer Service 800-648-4579 additional charges may apply

FOB Point:

- FOB Origin

Ordering Address:

**ChemTreat, Inc.
4461 Cox Rd
Glen Allen VA 23060

Fax: 800-648-4577**

Payment Address:

**ChemTreat, Inc.
15045 Collections Center Drive
Chicago, IL 60693**

Warranty Provision:

All material furnished herewith is warranted to be within ChemTreat's quality standards for such material. ChemTreat will replace or refund the purchase price if the products purchased under this contract are shown to have manufacturing defects. The technical data furnished is believed to be accurate and complete. Buyer assumes all risk of use, storage, and handling of product(s). ChemTreat's liability and Buyer's exclusive remedy for any breach of these warranties is expressly limited to the replacement of non-conforming product(s) or payment in an amount not to exceed the purchase price of the non-conforming product(s) covered by this contract, plus reasonable transportation charges. ChemTreat shall not be subject to liability for any damages resulting from handling, use or further process of said material, whether alone or in combination with other chemicals.

Export Packaging Charges: N/A

Terms and conditions of Government Commercial credit card accepted: N/A

Terms and conditions of rental, maintenance, and repair: N/A

Terms and conditions of installation: All chemical products sold by ChemTreat will contain data instructions and Material Safety Data Sheets. Personal, on site training in the initial start up of the installation and implementation is provided for each customer. Testing procedures, systems control charts, audio training, computer tracking, etc., is some of the items provided by ChemTreat at no additional charge.

Terms and conditions of repair parts (indicating date of parts price lists/discounts from list prices: N/A

Phone number of Service and distribution point: 800-442-8292

List of Participating Dealers: N/A

Preventive Maintenance:

ChemTreat employs only proven, experienced, technical specialists. Each is a college graduate with a degree in chemistry, chemical engineering, biology, or other technical discipline. This specialist will custom-design a continuing service program for each facility ordering ChemTreat products.

- A. Comprehensive operator training consisting of on-site, detailed instructions on all aspects of water management. Audiovisual training and plant operator's manual will be provided on proper testing procedures, systems blowdown and purpose of chemicals being used. ChemTreat plant tours can be arranged with sufficient notice.**
- B. List of plant services:**
 - Hands off/drumless deliver – available as listed, in minibulk**
 - Minimum monthly on site visits by highly qualified chemist or engineer**
- C. Detailed computer generated service reports on all treated systems printed after each visit**
- D. Personalized plant operator's manual prepared for each plant**
- E. Engineering studies conducted consisting of pretreatment equipment, including softeners, demineralizers, dealkalizers, desilicizers, economizers, reverse osmosis units, etc.**
- F. Deaerator and Feedwater pump performance regarding temperature and oxygen levels of Feedwater**
- G. Boiler heat transfer efficiency studies, including stack gas analyses**
- H. Condensate quality modeling including identifying system leaks and calculating percent condensate returns**
- I. Metal embrittlement testing**
- J. Regular inspections of all equipment being treated**
- K. Deposit and Metallurgical analysis**
- L. Corrosion coupon studies on treated systems identifying annual metal loss in mpy**

- M. Inspection of all treated equipment related to treatment when down for inspection**
- N. Periodic testing of stored off-line boilers**
- O. On-site Biotrace microbiological studies to determine remedial remedies for controlling microorganisms**
- P. Chiller efficiency studies**
- Q. Heat transfer studies**
- R. System volume determination**
- S. ChemTrack® Data Management Program**
- T. GSA Advantage On-Line Shopping Service**
- U. Complete line of testing reagents and hardware**
- V. Complete line of chemical feed and control equipment**
- W. Twenty-Four (24) hour emergency response... provides customer guidance in case of chemical spills or injury: 800-424-9300**
- X. Regulatory Affairs Group monitors EPA, FDA, and USDA regulations, as well as up-to-date MSDS and OSHA requirements**
- Y. Annual reviews with management to evaluate program results and future performance goals**

Services only Category:

This category is available to those Government agencies that, as a result of budget reduction, have reduced staffing to the point that in house chemical program work is not being done or is outsourced to contractors. These additional extra services include, but are not limited to, installing and maintaining chemical feed and monitoring equipment, controlling and moving chemical inventory, filling and monitoring chemical tanks, increasing the frequency of service visits and performing a broad range of tasks normally done by plant personnel. The full list of services is not designated by the Government and is negotiated based on agency needs.

The charge for Services only is not to exceed \$100.00 per hour inclusive of expenses. These contracts are to be negotiated with procurement officers for the specific services they want. This category applies only to those agencies using ChemTreat products. It is intended for those agencies that

desire to contract for extra services beyond the routine services provided to all customers who purchase from ChemTreat.

Sin 524-2 Boiler Feedwater Treatment Chemicals

Boiler systems treatment chemicals are used to control scale and/or corrosion and to improve heat transfer in the preboiler and boiler systems. In addition, some of these products control corrosion products returning to the boiler via the steam/condensate system. ChemTreat will provide technical assistance in the proper chemical selection to meet specific requirements.

For a list, see price list for 524-2 discounted prices. All products are listed in available sizes.
